

Craft Project

Brand – Stamps By Me Ltd

Card 1

Project title: Classic colour with a gold finish

Time to make: 20 mins

Skill level: Beginner

Items required

- Black top folding note card. Measuring 5.5 x 7 inch tall
- Gold card stock
- Vellum
- FAB ink (transparent ink used with embossing powder)
- Gold embossing powder
- Generation Inx (or alternative ink to suit)
- Stamp - Classic Colour 1

Instructions

1. Take a piece of gold card stock and cut it slightly smaller than your black card stock. If you want to do a decorative edge this can be achieved using a stitch die and placed through a die cutting machine.
2. Take a piece of black card stock and matt and layer on your card.
3. Using your FAB, ink up the stamp and stamp the image onto the piece of black card stock. This will create a transparent image. Whilst the image is wet cover the ink with your embossing powder and heat set with a heat tool. **Top tip** – let the heat gun get hot before applying it, and don't overheat or the powder will burn and dull.
4. Once the image has cooled, paint within the lines using your desired inks. This is a resist technique, which means you don't need to worry about going over the lines to much.

5. Take the sentiment stamp and using your FAB ink stamp the words directly on to the vellum. Cover the sentiment with your embossing powder and again heat set with your tool. Cut the vellum to size and adhere in place using some clear glue.
6. Matt and layer on the layers together to create a timeless looking creation.

CARD 2

Project title: Classic colour the simple way

Time to make: 20 mins

Skill level: Beginner – can be more challenging if more time spent on colouring detail

Items required

- Black top folding note card. Measuring 5.5 x 7 inch tall
- Glitter card stock
- White card stock
- Black waterproof ink (versafine black Onyx)
- Generation Inx re inkers (or any water-based inks that suit)
- Stamp – Classic colour 1

Instructions

1. Take the glitter card stock and cut it smaller than your black note card. This will create a matt.
2. Take the white card stock and cut this slightly smaller than the glitter card stock which will create your second matt.
3. Using your waterproof black ink pad stamp the image on to the piece of white card stock. Allow the ink to dry.

4. Place various coloured Generation Inx re inkers in to a palette or on a glass mat. Dilute with water and paint the image. **Top tip** - remember to leave white spaces this gives a realistic watercolour look!
5. Matt and layer your elements together this will finish your masterpiece!

CARD 3

Project title: Classic colour 2 – You are simply fantastic

Time to make: 20 mins

Skill level: Beginner

Items required

- Black 8 x 8 card blank
- White piece of card 7.5 x 7.5 inch
- Decorative embossing folder
- Circle die cut
- FAB ink
- White embossing powder
- Generation Inx re inkers
- Stamp – Classic Colour 2

Instructions

1. Take the piece of white card stock and place inside your desired embossing folder. Place this through your die cutting machine to create an embossed pattern.

2. Take your circle die and place one large circle and a smaller circle inside the large circle and put this through your die cutting machine this will create the coral frame as shown in the picture.
3. Using the larger circle die cut a piece of white card stock creating a circle.
4. Using your FAB, ink up the stamp and stamp this onto the white circular piece of card stock. Whilst the ink is still wet cover this with your white embossing powder and heat set with your heat gun.
5. Place a small amount of your Generation Inx in to a pallet or Eureka 101 and dilute with water. You can now paint the image. **Top tip** - remember to put a colour around your image to create depth and shadow!
6. Matt any layer all the component to the black card base to create a beautiful piece of art!
